### Installation

Go to our home page at <u>www.hsu-computing.com</u>. Click on the download link on top of the screen. Then, select "HIPAA Payment Analysis program" link to download the program and install it.

This program needs a SQL server installed on your computer. It works with any SQL Server of 2005, 2008, or 2012 release. The Free SQL Server Express Edition will work fine. If you do not have any SQL server installed, go to <u>www.google.com</u> and search for "SQL Express 2012". Find the download link from Microsoft. Download the program and install it.

If you need help, send us an email at <u>support@hsu-computing.com</u>. We will be happy to help you on the phone to solve your installation problem.

This is the program main screen when it starts:
